The Light Between Us

In a year when the UAE places family at the heart of national identity, this Ramadan collection is shaped as a quiet celebration of togetherness, care, and shared values.

Bringing together four thoughtfully curated gift boxes, Layali, Nouria, Raaha, and Barakah, the collection reflects the spirit of the holy month, where evenings draw families closer, reflection deepens faith, and simple rituals become moments of connection and meaning.

Designed for corporate gifting across teams, partners, leadership, and institutions, each box balances intention with refinement, offering a way to honour relationships with grace, cultural sensitivity, and a generosity that feels both meaningful and enduring. Our boxes can be customized with your corporate branding, turning a thoughtful gesture into a powerful extension of your company's identity and values.

An elevated Ramadan experience reserved for leadership, VIP clients, and distinguished recipients, reflecting refinement, presence, and lasting impression.

Layali

Layali evokes the nights of Ramadan - those moments when time softens and the rush of the day gives way to presence.

These are the nights when families come together, meals are unhurried, and conversations stretch long after the dishes are cleared. These are nights when prayer becomes a quiet thread between the soul and God. Layali honours Ramadan evenings as a luxury in themselves - a pause from the fast pace of life, rooted in togetherness, nourishment, and reflection, where faith and family naturally come home to one another. The most premium offering in the collection, Layali is a Ramadan gift that carries distinction, depth, and lasting significance.

Layali is expressed through elements designed for shared evenings and lasting presence within the home.

Sculptural shadow art by Abu Dhabi-based artists Maysoon and Bassam introduces light and meaning into the night, while premium bakhoor blends create scent rituals that warm shared spaces. A curated Hatta honey quartet.

Together, these elements reflect the richness of Ramadan nights as moments of family, hospitality, and quiet spiritual depth.

Housed in a hand-painted Persian khatam wood box, the arrangement rests on a satin foam base, with products wrapped in rich gold and cream fabric with ribbon accents, and finished with gold-toned florals and date-shaped artisanal olive oil soaps by Sabonique for a richly layered, ceremonial presentation.

Highlights

The Heritage of Persian Craft

The Layali box is conceived as an object of enduring beauty, designed to be kept and displayed long after the gifts within are revealed. Crafted using the ancient Persian art of khâtam inlay, a refined form of marquetry, its surface is composed of finely assembled geometric patterns formed from precisely cut fragments of wood, metal, and bone. Each detail reflects patience, mastery, and quiet opulence, transforming the box into a work of art in its own right.

The Poetry of Light

The hero piece of this gift box is a handcrafted shadow sculpture by Abu Dhabi-based artists Maysoon Masalha and Bassam Al-Selawi, a creative duo known for transforming Arabic calligraphy into three-dimensional forms that reveal hidden narratives when lit. This piece casts the calligraphic phrase "Inna ma'iyā rabbī sayahdīn", "Indeed, My Lord is with me; He will guide me," into light and shadow, creating a quiet, contemplative presence that unfolds meaning through both form and illumination.

The Purity of Emirati Honey

Another centerpiece of the curation is a Limited Edition honey selection from Hatta Honey. This selection brings together Sidr, Samar, Ghaf, and Mangrove honeys, each valued for its depth, regional character, and sense of place, offering sweetness rooted in tradition and provenance.

Hatta Honey is the UAE's largest honey producer, known for crafting 100% natural, raw honey through sustainable beekeeping practices, operating over 4,000 colonies and producing over 20 tons of honey per season in adherence to ISO, HACCP, and ESMA quality standards.

DELUXE

AED 700

A richly layered hamper presented as a treasure chest, created for key clients and senior stakeholders as a gesture of warmth, abundance, and regard.

Nouria

Nouria is inspired by the idea of inner light, expressed here in its most generous and expansive form. Framed as a treasure chest of thoughtfully gathered offerings, it reflects Ramadan as a season of quiet reflection held alongside abundance, warmth, and generosity.

Nouria brings together moments of pause and presence with layers of care, creating a gift that feels rich in both meaning and materiality. Designed for occasions that call for a grander gesture, Nouria is ideal when the gift must communicate luxury, abundance, and the intent to honour the moment fully.

Nouria unfolds through a considered selection of elements that balance contemplation with indulgence, anchored by a statement resin art piece created by Hyacinth Arts, a Dubai-based studio whose work reflects contemporary craft rooted in place.

The box includes a quartet of Hatta honey varieties, a custom-designed selfcare journal, premium dates presented in a crescent moon-shaped box, a set of dua cards, a refined bottle of bukkhoor, and a speciality coffee selection. Together, these elements create a layered gifting experience that feels luminous, generous, and deeply intentional.

Nouria

Presented in a sandooq-inspired form, the box features gold-embossed detailing on a matte paper base, with products wrapped in rich gold and cream fabric with ribbon accents, arranged on a satin foam interior, and finished with subtle gold-toned floral touches.

The hero piece of this gift box is a handmade, custom-designed resin art creation by Hyacinth Arts, a homegrown Dubai-based studio, featuring sculpted calligraphy in an arched ivory, black, and gold form, inscribed with "Inna ma'iyā rabbi sayahdin" - Indeed, my Lord is with me; He will guide me.

Raaha

Raaha speaks to rest, ease, and gentle relief, a return to what soothes and restores. During Ramadan, Raaha is found in the comfort of home, in familiar rituals shared with family, and in moments when the day slows enough to breathe. It reflects the softer cadence of the month, where care, nourishment, and togetherness create space for both spiritual and emotional renewal.

Thoughtfully composed to support these pauses, Raaha offers warmth and reassurance through objects meant to be lived with, making it an enduring and memorable choice for Ramadan gifting.

Raaha is expressed through elements chosen to bring comfort and quiet grounding into everyday Ramadan life. A premium bottle of bukkhoor and a box of designer dates create rituals of scent and nourishment, and a custom Ramadan journal offers space for reflection throughout the month.

Together, these elements are curated to foster rest, presence, and spiritual comfort, naturally woven into family life during Ramadan.
